

# Installation

## How to install the Evaer video recorder for Teams?

### Installation instructions

Follow the steps below , It usually takes less than 2 minutes for you to begin recording Teams video calls.

- Setp 1

Double click the EvaerForTeamsSetup.exe file you have downloaded. Click the "Next" button in the window of the installation program until navigate to the last page.

- Setp 2

Evaer will auto connect to your Teams, and it will show "Ready" status once it connected to the Teams.

- Setp 3

Place a call from Teams and click the "Start Recording" button to begin your recording once the call is connected. Or enable [automatic recording](#) at Evaer settings.
